

ODELL HERE FOR REAPPORTIONMENT

State Boss Will Direct New District Plans for New York County.

State Chairman Benjamin B. Odell is expected in the city from Newburg today and a meeting of the Republican County Executive Committee will be called this afternoon or to-night. This meeting is to discuss and possibly decide the Senatorial reapportionment of New York County.

A sub-committee of the Executive Committee, which has been revamping the reapportionment plan of Chairman Herbert Parsons, which failed last winter, will report its suggestions to the Executive Committee.

In the mean time Mr. Odell, aided by Republicans who have had experience in reapportionment, has been perfecting a plan under which, it is said, the Republican organization makes large gains. It is likely that there will be a lively fight over the question when it comes up, but it is predicted that the Odell men will have their plan adopted. Protests against all plans will come from some of the downtown leaders because some of the lower districts will be merged.

Interest in the Assembly reapportionment which will be made by the Board of Aldermen has been quickened by the recent widening of the difference between the Municipal Ownership and the Republican members of the Board of Aldermen. Through a coalition of these forces the Republican organization had hopes of making the reapportionment and in making several districts Republican which are ordinarily Democratic.

Settlement Society to Meet.
The annual meeting of the University Settlement Society will be held Thursday afternoon, April 5, at Sherry's. An account of the work done at the settlement during the past year will be given by James H. Hamilton, head worker of the settlement.

the society, and short addresses will be made by Prof. Felix Adler, Thomas Darlington, Henry B. Howard and Mrs. Edward Ringwood Hewitt. Mr. Darlington will speak from the standpoint of the Health Department, and Mrs. Hewitt as a representative of the women's auxiliary.

Child Killed by Truck.
Thomas Joiner, three years old, of No. 128 Mercer street, Jersey City, while crossing the street near his home last night was run over and killed by a truck of the Newark Transfer Company, Shepard L. Hatch, the driver, was locked up on a charge of manslaughter.

DR. ANDERSON.

Too much time is lost by treatment with the family doctor, who has neither the necessary experience nor apparatus for telling one lung disease from another. Learn the true condition of your lungs while there is yet time to be cured. Consumption is curable. It is preventable. Do not delay until incurable conditions develop. By examination with his X-Light, Dr. Anderson sees immediately whether the lungs are affected or not and what stage the disease is in. He loses no time AT THE START, and from the very first examination and diagnosis his patients receive the proper treatment.

No patient ever wastes any time in being treated for the wrong disease, and the thousands of cured patients are living proofs of Dr. Anderson's successful treatment. He does not simply relieve lung diseases, but his X-Light photographs the disease, and he CURES it, because he sees the exact condition and stage of the diseased parts.

These facts are not the result of a few experiments with a dozen patients, but are the success of nineteen years' experience as a lung specialist, and seven years as the only expert X-Light Lung Specialist in New York.

Consult Dr. Anderson, 50 West 22d St. (between 5th and 6th avs.), New York. Hours: Daily, 10 to 6 (Sundays, 11 to 2). Monday, Wednesday and Friday evenings till 8. Examination and consultation given without charge. If unable to call, write.
